

# Just for fun

iPhone and iPad apps for fun and leisure

AALL2011 - Cool Tools Cafe | Meg Kribble

Your mobile device can help you get more work done, but it can also be fun. These apps are useful for kicking back, rail and bus commuting, or while standing in line at the DMV! Curl up with a book, read the news, play a game alone or with friends, or just goof off. While you're playing, you're also getting bonus experience with different interface styles.

## Reading apps

BBC News  
The Economist  
Kindle
